

BeautyPay

**Easier way
to get paid**

BeautyPay is a payment solution tailored specifically for the beauty industry to assist clinics in growing their business

Why are businesses implementing BeautyPay?

Artificial Intelligence

Following up customers for payment is the last thing you want to do. With BeautyPay put this work on autopilot and allow our Artificial Intelligence do the follow up

Free for you

There is no cost for you to use the service. It's free to sign up, free to use and very low cost to your customers

Help with cashflow management

With a portion of your revenue coming in through recurring payment it can help you budget and manage cashflow

Easy structure to set clients up

It is easy to setup your clients on a BeautyPay payment plan

Interest free

BeautyPay is simple and fast for your customers. As this is a direct debit service and not a credit service, there is no need for messy and confusing credit checks or application processes

Professionally managed platform

BeautyPay offers a professional payment platform to manage your payments so that you can focus on your business and customers

Recurring revenue

Be paid on time and generate future and reliable revenue streams

Increase revenue and treatments

Offer clients an alternative way to pay for treatments instead of upfront payment and create customer loyalty
